

Letter of attestation

for public release

Securitum is a consulting firm carrying out security audits, penetrations tests as well as security trainings, concentrating on financial and e-commerce sectors. Founded in 2009, Securitum is currently a team of 40+ cybersecurity professionals, creating one of the biggest penetration testing companies in Central Europe.

We hereby confirm that we have conducted a security assessment for **ENNOVA Mirosław Nowoszewski Spółka Jawna** that covered pentest of **tomHRM API** (<https://tomhrm.gitbook.io/api-tomhrm>).

The base audit was carried out in December 2024 in accordance with generally accepted methodologies, including OWASP Top 10 and CWE/SANS Top 25 Software Errors as well as internal industry practices developed by Securitum. Security assessment was time-limited to 7,5 man-days. We confirm that no relevant security issues were identified during the pentests.

Sincerely,

Chairman of the Board

Radosław Stachowiak
